## General Information

Thermo Fisher Scientific offers a number of training courses throughout the year for advanced mass spectrometry product systems, peripherals and software. The courses are designed to suit the requirements of beginners and advanced operators. In order to get the most from your system, we would like to encourage you to take advantage of getting in-depth knowledge of the instrument and technology from our highly experienced application specialists. Certificates are provided upon completion of the training.

Scheduled training courses take place at our Application Laboratory at

Thermo Fisher Scientific (Bremen) GmbH  
Hanna-Kunath-Str. 11  
28199 Bremen  
Germany

Each course requires a **minimum of three participants**, but each group will not exceed a **maximum of six participants**. The training course language will be **English** unless specified otherwise.

For **training fees** please contact your local Thermo Fisher Scientific sales representative. The training fees include catering during training session (two coffee breaks and lunch). The training fees do not include individual travel costs, hotel accommodation or per diem expenses. However, we can offer you to arrange your hotel accommodation in Bremen. Preferably, we book our training guests into the Holiday Inn Express Bremen Airport, which is conveniently located next to our facilities, in walking distance of the airport (6 minutes) and 15 minutes by tram from the main railway station. Our preferred rate of 81 € includes breakfast and internet access.

**Registration** deadline is six weeks prior to scheduled dates. For registration please use our registration form. You can also register online at <http://training.thermo-bremen.com>

In case of **cancellation** we strongly recommend to nominate a substitute if possible. Cancellation prior to registration deadline is possible. Cancellations four weeks prior to scheduled courses are subject to a 50 % cancellation fee. Cancellations a week prior to scheduled courses are subject to a 90 % cancellation fee.

Training courses may be rescheduled or cancelled due to a lack of participants or other reasons. Already registered attendees will be informed as soon as possible.

**On-site training** Thermo Fisher Scientific can also conduct the training courses at your facilities. The on-site training courses will be customized according to your instrument(s), software and application requirement(s). Your own instrument(s) will be used to train operation and maintenance procedures.

**Training upon request:** Training courses with a very special content will be held upon request only.

## 2. Visa Formalities

In case you need a visa for Germany, please fill in the form below to enable Thermo Fisher Scientific (Bremen) GmbH to issue the visa invitation letter. Please mail the form to [training.bremen@thermo.com](mailto:training.bremen@thermo.com) or fax to No. +49 421 54 93 396.

**Please allow 2-3 weeks for processing and mailing of the invitation letter.**

<b>Last name (surname)</b>	
<b>First name(s) (given name(s)):</b>	
<b>Title:</b>	
<b>Gender (male / female)</b>	
<b>Date of birth</b> DD - month (in letters) - YYYY	
<b>Number of passport:</b>	
<b>Dates of planned entry into and exit from Germany</b>	
<b>Correct and complete name and address of customer's company or institute, including telephone and fax numbers (no postbox):</b>	
<b>Expenses for travel, lodging, health insurance and per diem will be borne by:</b>	
<b>Correct and complete address of the embassy where to apply for visa, including telephone and fax numbers:</b>	
<b>Correct and complete address (no postbox) of where the originals of the invitation letters shall be sent by courier, including contact person, telephone and fax numbers:</b>	

## 2. Thermal Ionization MS – TRITON / TRITON *Plus*

These thermal ionization mass spectrometer **TIMS operator training courses** are designed for customers who have purchased the TRITON / TRITON *Plus*. The **general objective** of these training courses is to familiarize with the TRITON and TRITON *Plus* instrument features, basic instrument operations, check and maintenance, collector system, methods as well as software, and trouble shooting.

**Participants' profile:** General understanding of mass spectrometry (MS), English language.

The aims of the **TIMS lab manager training courses** is to train lab managers to a level of competence such that they are able to carry out trouble-free preventive maintenance work, and to communicate technical problems with service engineers precisely, do tests in advance and support problem solutions. It should be noted that this course focuses on a 'hands on' approach.

**Participants' profile:** Thorough understanding of mass spectrometry (MS), English language.

5-day Basic Operator Training Course	05. March - 09. March 2012
5-day Basic Operator Training Course	29. October – 02. November 2012
2-day Instrument Maintenance Training Course	05. November -06. November 2012

To check the currently available training dates, please visit <http://training.thermo-bremen.com>

### Training Sessions:

Monday	10:00 – 16:30 h
Tuesday – Thursday	09:30 – 16:30 h
Friday	09:30 – 14:00 h

## 2.1 TRITON / TRITON *Plus* Basic Operator Training Course Outline

5-day training course

### **Basic Introduction:**

- Introduction to Mass Spectrometry
- Principle of Thermal Ionization
- Design Basics of the TRITON and TRITON *Plus*
- Applications

### **General Explanations**

- Features
- Geometry
- Pumping System
- Electronics

### **Hardware Details and Handling**

- Ion Source
- Sample Magazine
- Filaments
- Sample Loading
- Collector System
- RPQ/Ion Counting
- Electronics
- Multiple Ion Counting

### **Computer System**

- Operating System
- Application Software Structure
- Communication with MS

### **Application Software**

- Functionality
- Set-up and Calibrations
- Manual Operation
- Fully Automatic Operation
- Editors
- Diagnostics

### **Sample Analyses**

- Sample Preparation and Loading (different elements)
- Magazine Loading
- Collector Adjustments
- Analysis Parameter Set-up
- Data Evaluation
- Multiple Ion Counting

### **Miscellaneous**

- Specifications
- Maintenance, Baking, Negative Ions
- Trouble Shooting
- User Applications

## 2.2 TRITON / TRITON *Plus* Instrument Maintenance Training Course Outline

2-day training course

### **TRITON / TRITON *Plus* (Preventive) Maintenance**

- Introduction of the course
- Annual maintenance
- Ion source / slit exchange
- Software / Service-Pack installation / Backup
- Individual Questions

### **Explaining TRITON / TRITON *Plus* Electronics**

- Front Side / Top: Filament Unit, Ion Current Amplifier
- Right Side: ICA electronics, motor controller
- Back Side: Front-End, magnet field electronic
- Left Side: HV-Units
- Baking the instrument

### **Individual Questions**

## 2.3 Registration Form

### TRITON / TRITON *Plus* Training

Please mail this form to [training.bremen@thermo.com](mailto:training.bremen@thermo.com)  
or fax it to our office at ++49 (421) 54 93 396. Thank you.
